Meet the 2026-2030 Council and share your ideas for the accessible ramp project: We are excited to continue to enhance the park for everyone to enjoy! This project focuses on adding a modern, accessible ramp connecting the pavilion down to the Rink Shack and covered ice surface. It will also include dedicated zones for smooth loading and unloading.

We want to make sure we get this right, and your lived experiences and ideas are essential. We would love your input on:

- Safety, Comfort and Barrier-free Elements – helping us choose the best non-skid surfacing and helpful accessibility details.
- Everyday Details – Sharing any ideas or needs we might have missed to ensure the space works beautifully for everyone.
